PROFESSIONAL SUMMARY

Information Technology student with experience in web development, UI/UX design, project coordination, and website quality assurance. Led a capstone team for a centralized operations system and contributed to building and testing Checkpoint. Focused on clear interfaces, practical workflows, and collaborative problem-solving.

EXPERIENCE AND LEADERSHIP

Capstone Project Lead | Containerboard Packaging Corporation (CPC)

Carmelray Industrial Park II, Calamba City, Laguna | June 2025 – March 2026

- Led the capstone project through implementation of a centralized system for CPC.
- Assigned development tasks, monitored progress, and coordinated the team to meet project goals.
- Collaborated on a system centralizing Sales, Production, Inventory, and Logistics operations.

Capstone UI/UX Designer Lead | CPC Centralized System

Calamba City, Laguna | June 2025 – March 2026

- Led UI/UX design for the centralized system's frontend.
- Supported the main web developer as a backup developer, using HTML, CSS, JavaScript, and PHP.

Development Contributor & QA Tester | Checkpoint

2026 | onroute.cloud

- Helped build the Checkpoint website, a checkpoint-based bus arrival tracking application.
- Contributed to quality assurance and tested the website's functionality and user experience.
